Changes may have been made in audition requirements and procedures.

OMEA sponsors the Oregon All-State ensembles. Our members volunteer countless hours to organize and manage the student groups. We hire world-class conductors to inspire the students and provide them with life changing memories. It is required that every teacher who has students applying be a member of OMEA and MENC both at the time of application and at the time of the All-State. School districts or ASBs will frequently pay the membership fee as student eligibility is involved. OMEA has a responsibility to insure that every participating student's teacher is a member of OMEA and MENC. It is also important that directors register for the convention and attend the Gala concert. Your students deserve your support as they represent your program and your community.
